

Start or grow your business

AUSkey is being retired!

MyGovID and RAM commence on the 31st of March! Be ready with attending a Free Workshop

Central NSW Business HQ is working with the ATO to run **Free 1 hour workshops in Dubbo 11th March 6pm at the Dubbo Council Conference Centre.**

This will affect small business in the following ways;

- Submitting BAS statements,
- using the Small Business Superannuation Clearing House,
- paying Withholding Tax and
- updating ABN details.

AUSkey has been in use since 2010 however on the 31st of March it is being replaced with MyGovID and RAM for businesses.

MyGovID will be the primary way for Australians and Australian Business to securely login to transact with the Australian Government services.

RAM will allow individuals to manage secure accesses to services on behalf of a business.

It affects everyday people as well as Businesses so take the stress out of this change and attend a workshop in your region.

The one-hour workshop will cover.

What is MyGovID

- Why do I need an ID?
- How do I get an ID?
- Downloading the App
- Security Validation
- Linking services

What Is RAM

- Do I need this?
- Attaching your ABN
- Importing AUSkey users

To book a seat to a workshop in your town go to [Central NSW Business HQ facebook page](#) and select the Events page or for booking by phone and email contact us on the below.
